Subject: RE: 224 -- door and frame

We will be framing the wall tomorrow and Adams and Icon will be on site this week to do their roughs.
We will be using a knock down frame and a blemished wood door with cylindrical lock (Best Compatible)
that will be supplied by our door vendor immediately. (less than \$300.00 for frame,door and hardware)

Subject: 224 -- door and frame

Roger,

Have you made any progress on getting a temporary door to install in 224? I am getting heat about not moving on this project. A knock down frame and temp door would get us moving. Please get back to me.

Thanks,

Stephen
